

Attention Commercial Vehicles!

Please be informed that LAPD will be enforcing commercial vehicles over the weight limit.

Commercial weight scales will be up in the Beachwood area and a task force will be deployed in the coming weeks. This notice is being given as a courtesy to remind you that vehicles over 6,000lbs (including passengers) will be cited and charged for every pound over weight limit. Thank you in advance for your cooperation.

Things you should know:

- Please go to the Observatory or Hollywood and Highland route to show the Sign to your patrons.
- Let's work together to keep Hollywood safe and remember there is no smoking in the hills, EVER.
