

BCNA Summer Meeting Report (published in the BCNA Newsletter)

August 17, 2015

The summer meeting was a great success with the councilman and his staff talking to individual neighbors hearing their concerns and taking notes. Also, Senior Lead Officer Maggie Dillard talking to a whole lot of folks about their local issues. The room was packed with standing room only. People in the room came from far and wide. The Beachwood Canyon Neighborhood Association now has a few more members!

This meeting was a breath of fresh air and people are still talking about it!
