

Neighbor Releases CD

Neighbor Alan Bracket of the Peanut Butter Conspiracy has something to share:

This a note to let you know that I've finally got the cd out that I've been working on for years. It features Barbara, the female lead singer with the Peanut Butter Conspiracy, singing lead on every song. They are from the period of 1966 - 70 and I wanted to do this for all those people that have expressed their love of her voice and that they would like to hear more. The cd features 5 previously unreleased songs, 2 from rare movie soundtracks, and the rest hand-picked from previous releases.
